Bab Zouina

An ode to nature

The workshop will take place in Bab Zouina, a beautiful traditional Moroccan villa situated in the Ourika Valley (30 km from Marrakesh) in a magnificent property surrounded by olive trees. Far from urban stress, Bab Zouina has kept an authentic and serene spirit, respectful of the environment; the main house is ecologically built with cut stone and the new buildings with natural mud bricks. The material used is entirely traditional: tadellakt on the wall, zellij on the floor and cedar and epicea for the woodwork.

The estate is full of terraces and peaceful places to recharge your batteries. The botanical and aromatic gardens surrounding the property give the place a poetic charm and invite to a gentle meditation. The amazing Swedish artist and landscape designer, Catharina von Unge, conceived and designed the ornamental garden surrounding the property. She managed to combine British aesthetic taste with rusticity and simplicity of the place. With the Mexican corner and its incredible varieties of cactuses, Catharina dares to hint at the Majorelle garden by Yves Saint Laurent and the neighboring garden by André Heller.

Meals are cooked with fresh and local products according to Moroccan and Berber recipes. Each meal is be a culinary experience in itself. The guest rooms are spacious and authentic: carpets, cushions, traditional crafts, and a bed futon according to Berber tradition.

It is possible to have daily walks in the beautiful countryside nearby. The weather will be mostly sunny, about 30° C during the day and about 20° C at night. A pool of natural water is available.

The Ourika valley is full of cultural, recreational and 'nature' activities. Depending on the desires of the participants, activities will be offered on an optional basis: visit to a saffron plantation or a botanical garden, the Berber souk, hiking in the mountains, the local hammam, bread making with the women of the village, etc.

◆ **Siri Tuseth**

Siri has been practising and teaching yoga since the beginning of 2000. She runs Satya Yoga School and two yoga studios on the west coast of Norway and provides Teacher Training programs. Additionally, she does public speeches about self-care and awareness, and works with other professionals in the topic of holistic health.

For Siri, yoga as a student and now as a teacher is a long ongoing journey. She is full of gratitude to her teachers, her students and her colleagues from whom she is continuously learning about yogic tradition and how to understand yoga in the world of today. Siri teaches yoga with a lot of philosophy linked to the asanas. Her motto is to listen and learn both from the body and the breath. Her greatest wish is to teach her students how to train their awareness and develop their honesty and their respect for themselves as well as for their surrounding environment, the people, the society and the nature. The idea is to break patterns that no longer serve our heart or people around us. We are all in this together!
